### Product Advantages: New High Quality IIP-EU-Development Line

- IIP-Dossier available for concentrate for solution for infusion 100 mg/ml
- IIP-Dossiers authorized by central and decentral procedures
- **cGMP compliant European API manufacturer**
- **cGMP compliant European Contract manufacturer with high manufacturing capacities for sale peaks**
- Same viscosity and pH as originator -> exchange not expected to cause local toxicity
- Compatible to standard infusion liquids (e.g. ringer, glucose, NaCl solutions)
- Extremely stable product: storage at room temperature
- According to SmPC of originator the glass vials are intended for single use only. Hence, IIP ampoule is a cheaper container.
- Easy to open standard 5 ml „one point cut“ ampoules
- Environmentally compatible packaging (glass and paperboard)
- Therapy adapted package size
- IIP-Dossiers for 250, 500, 750, 1000 mg tablets and oral solution (100 mg/ml)
- Second API source will be qualified
- Samples and exposé with scientific data available upon request
